

Yasser Mohammad

Principal Researcher
Data Science Labs, NEC

Professor
Assiut University, Egypt

- Date of Birth:** Sep. 7, 1976
- Tokyo, Japan
- +81-80-5652-4120
- yasserm@aun.edu.eg
- http://www.yasserm.com
- ORCID:0000-0003-2272-7254

Interests

- Automated Negotiation
- Time Series Data Mining
- Activity Recognition
- Robotics and HRI

Short Bio

Yasser received his PhD from Kyoto University in 2009. Since then he worked in universities, national research institutes, research companies and industrial research laboratories. He collaborated with experts in psychology, computer science, mathematics, robotics, HCI, HRI, machine learning among other fields. His research spans the area of applied AI with a focus on robotics and multiagent systems. Author of two books and over a hundred articles. A senior IEEE member, PC member and reviewer for AAAI, IJCAI, AAMAS, IROS, HRI, IEEE Trans. on System Man and Cybernetics, Social Robotics, Applied Intelligence, among many others. Main organizer of the SCML@ANAC running yearly in conjunction with AAMAS/IJCAI. Main maintainer of NegMAS and SCML.

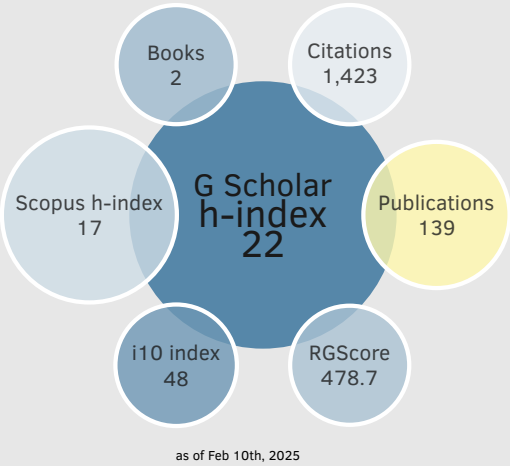

Industrial Experience

- Jan, 2020 – ongoing **Research Scientist** **Data Science Laboratories NEC, Japan**
Conducting research and developing systems in the areas of multi-agent systems and ML. Leading platform development and international cooperation in automated negotiation.
- Feb, 2020 – ongoing **Specially Appointed Researcher** **AIRC, AIST, Japan**
Research in automatic negotiation specially preference elicitation.
- August, 2020 – July 2021 **Visiting Researcher** **AIP, RIKEN, Japan**
Research in automatic negotiation specially concurrent negotiation.
- Nov, 2017 – Dec, 2019 **Researcher** **AIRC, AIST, Japan**
Research in automatic negotiation.
- Jun, 2017 – Nov, 2017 **Data Science Advisor** **Xtrava (xtrava.co), USA**
Developing innovative real-time machine learning systems for biosensor data analysis.
- Nov, 2016 – Nov, 2017 **Chief Research Engineer** **KDDI Research Inc. (kddi-research.jp) Japan**
Conducting state of the art research in human behavior understanding using machine learning techniques. Applying pattern recognition and deep learning techniques to time-series data mining.
- Jan, 2007 – Mar 2009 **Technical Executive Officer** **Ayonix Inc. (ayonix.com) Japan**
Produced the complete first version of Ayofa SDK (A face detection/recognition SDK). Managed the development team of all products in the company.
- Apr, 2004 – Oct, 2005 **Developer** **SCTU, Assiut Univ., Egypt**
Developed Assiut University Information Systems Internet Portal and designed software for university automation.

Academic Experience

- Dec, 2022 – ongoing **Professor (currently on leave)** **Assiut Univ., Egypt**
Teaching and conducting research in intelligent systems and participating in administrative efforts.
- Aug, 2016 – Dec, 2022 **Associate Professor** **Assiut Univ., Egypt**
Teaching and conducting research in computer and systems engineering and participating in administrative efforts.
- Oct, 2015 – Jun, 2016 **Adjunct Professor** **E-JUST Univ., Egypt**
Working as an Adjunct Assistant Professor for one day/week at Mechatronics and Robotics Engineering Department, Egypt-Japan University of Science and Technology (E-JUST), Egypt.
- Sep, 2012 – Aug, 2014 **JSPS Fellow** **Kyoto Univ., Japan**
Conducting research in imitation learning and its applications in robotics.
- Jul, 2011 – Dec, 2011 **GCOE Postdoc Visiting Researcher** **Kyoto Univ., Japan**
Conducting research in the applied intelligence dept. in collaboration with Prof. T. Nishida.
- Jan, 2010 – Aug, 2016 **Assistant Professor** **Assiut Univ., Egypt**
Teaching and conducting research in computer and systems engineering and participating in administrative efforts.
- Jun, 2005 – Dec, 2009 **Teaching Associate** **Assiut Univ., Egypt**
Assisting in teaching courses to students of Electrical Engineering, Mechanical Engineering and introductory Engineering courses and supervising graduation-projects
- Apr, 2000 – Jun, 2005 **Teaching Assistant** **Assiut Univ., Egypt**
Assisting in teaching courses to students of Electrical Engineering, Mechanical Engineering and introductory Engineering courses and supervising graduation-projects
- Sep, 1999 – Apr, 2000 **Teaching Assistant** **Assiut Univ., Egypt**
Assisting in teaching courses to students of Electrical Engineering, Mechanical Engineering and introductory Engineering courses and supervising graduation-projects

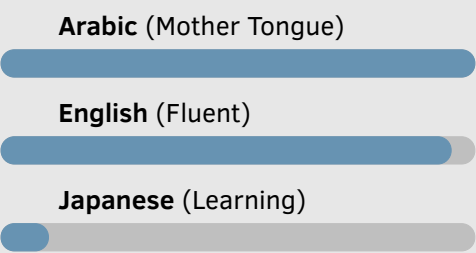

Metrics

Profiles

Languages

Personal

Yasser lives with his partner, a medical doctor, and three children in Tokyo since 2016.

Education

2006 – 2009	Ph.D. in Informatics (AI) Title: Autonomous Development of Natural Interactive Behavior for Robots and Embodied Agents. AI HRI Unsupervised Learning Time Series Analysis Kyoto Univ. Japan
2001 – 2005	M.Sc. in Computers and Systems Engineering Title: Anubis: A novel network authentication protocol. Computer Security Network Authentication BAN Logic Assiut Univ. Egypt
1993 – 1998	B.Sc. in Electrical Engineering Graduation Project: Construction and control of a 2D robot for drawing applications. Robotics Automatic Control Simulation Assiut Univ., Egypt

Review and Editorial Duties [publons profile](#)

Journals	New Generation Computing, Social Robotics, IEEE Trans. on Systems Man and Cybernetics, IEEE Trans. on Industrial Electronics, Neurocomputing, AI & Society, Applied Intelligence, among many others ...
Conferences	AAAI, IJCAI, AAMAS, IEEE ROMAN, IEEE HRI, IEEE IROS, DATA, IEA/AIE, ISIEA, PECON, ACHI, ICCCI, ICAS, KUI, ...
Organizer	SCM league of the ANAC competition in conjunction with IJCAI since 2019

Honours and Awards

Dec 2023	Best Paper Award The 7th IEEE International Conference on Agents (IEEE ICA) Kyoto, Japan
Jan 2021	Finalist for the International Automated Negotiating Agents Competition (Genius track) International Joint Conference on Artificial Intelligence (IJCAI) Nagoya, Japan
Nov 2020	Runner for Best Paper Award The 23rd International Conference on Principles and Practice of Multi-Agent Systems (PRIMA) Nagoya, Japan
Mar 2015	Best Presentation Award the 3rd International Conference on Industrial Application Engineering Kitakyush, Japan
Sep 2014	Outstanding Paper Award ICROS International Conference on Control, Automation and Systems (ICCAS) 2014 (out of 337 accepted papers from 25 countries) Seoul, South Korea
Sep 2012	JSPS Fellowship JSPS long term post-doc fellowship for foreign researchers (2012-2014) Kyoto University, Japan
Jul 2011	GCOE Postdoc Fellowship July-December 2011 Kyoto University, Japan
Oct 2011	Best Paper Award IEEE SII 2012 (Control) (from 248 accepted papers) Kitakyush, Japan
Jun 2009	Best Paper Award the Twenty Second International Conference Industrial, Engineering, and other applications of Applied Intelligent Systems (IEA/AIE 2009). Acceptance rate was 29% out of 286 submitted papers (ranked 46th among top 701 computer science conferences) Tainan, Taiwan
Jun 2008	Best Paper Award the Twenty First International Conference Industrial, Engineering, and other applications of Applied Intelligent Systems (IEA/AIE 2008). Acceptance rate was 30% out of 270 submitted papers (ranked 46th among top 701 computer science conferences) Wroclaw, Poland

Teaching Experience

Undergraduate Courses (Partial List)

Assiut University	Electrical Engineering Introduction to Computer Science, Numerical Analysis, Microprocessors, Computer Organization, Computer Architecture, Database Systems, Digital Signal Processing, Databases	2010–2015
Assiut University	Mechatronics Robotics Engineering	2010–2015
Assiut University	Information and Computers Graphical User Interfaces, Network Security, Computer Security, Microprocessors, Computer Organization	2010–2015

Postgraduate Courses (Partial List)

E-JUST University	Mechatronics Engineering M.sc. and PhD Intelligent Control Systems	2016
Assiut University	Electrical Engineering M.sc. and PhD Robot Motion Planning, Pattern Recognition, Probabilistic Inference, Data Sciences and BigData	2010–2015

Academic Supervision

2012–2016	Mostafa Abdallah An Integrated ROS stack for Autonomous learning of Perceptual and Motion Primitives	M.Sc., AUN, Egypt
2015–2020	Yomna Mohammad Pattern Discovery in Time Series	M.Sc., AUN, Egypt
2019–2022	Niang Yo Design of AI agent for Supply Chain Management using Deep Reinforcement Learning	M.Sc., Fraunhofer, ISC, Germany
2019–2022	Alyaa Sabra Feature Selection for Face Recognition	M.Sc., AUN, Egypt
2019–2022	Zaynab Ashraf Text Mining tool for Genome Scale Metabolic Model	M.Sc., AUN, Egypt
2021–	Abdallah Ahmed Deep Learning for Robot Navigation in Dynamic Environments	M.Sc., EJUST, Egypt

Funded Projects

May 2014 Investigator Japan	Theoretical Framework for Interactive Game Design Aerospace Research and Development (AFOSR/AOARD) To establish a theoretical framework for achieving content-rich, proficient and reliable communication between people and robots.	>10M JPY
Sep 2012 PI Japan	Fluid Imitation Learning Japanese Society for Promotion of Science To design, implement and evaluate an imitation engine for humanoid robots that achieves fluid imitation by autonomously discovering interesting motions to imitate during its interaction with humans.	2.5M JPY
Nov 2008 PI Japan	Grounded Action Segmentation and Association Global Centre of Excellence Young Researcher Program, Kyoto University To build and evaluate an unsupervised algorithm for learning interactive behavior both in implicit and explicit nonverbal communication settings.	1M JPY
Dec 2007 PI Japan	Natural Listening for a Humanoid Robot Global Centre of Excellence Young Researcher Program, Kyoto University To design and implement a learning system that can help the robot achieve natural listening behavior in an automatic way.	1.5M JPY

80. [2012] Unsupervised Discovery of Basic Human Actions from Activity Recording Datasets, **Yasser Mohammad**, Toyoaki Nishida, IEEE/SICE International Symposium on System Integration, pp. 402-409, Kyushu, Japan,
81. [2012] Self-Initiated Imitation Learning Discovering what to imitate, **Yasser Mohammad**, Toyoaki Nishida, International Conference on Control, Automation and Systems , pp. 726-732, Jeju, South Korea, 2012
82. [2012] G-SteX: Greedy Stem Extension for Free-Length Constrained Motif Discovery, **Yasser Mohammad**, Toyoaki Nishida, International Conference on Industrial, Engineering, Other Applications of Applied Intelligent Systems IEA/AI, pp. 417-426,
83. [2012] Common Sensorimotor Representation for Self-Initiated Imitation Learning, **Yasser Mohammad**, Toyoaki Nishida, International Conference on Industrial, Engineering, Other Applications of Applied Intelligent Systems IEA/AIE, pp. 381-390,
84. [2012] CPMD: A Matlab Toolbox for Change Point and Constrained Motif Discovery, **Yasser Mohammad**, Toyoaki Nishida, International Conference on Industrial, Engineering, Other Applications of Applied Intelligent Systems IEA/AIE, pp. 114-123,
85. [2011] Discovering Causal Change Relationships Between Processes in Complex Systems, **Yasser Mohammad**, Toyoaki Nishida, IEEE/SICE International Symposium on System Integratio, pp. 12-17,
86. [2011] On Comparing SSA-based Change Point Discovery Algorithms, **Yasser Mohammad**, Toyoaki Nishida, IEEE/SICE International Symposium on System Integration, pp. 938-945, (**Best Paper Award**)
87. [2010] Incremental Gesture Discovery for Interactive Robots, **Yasser Mohammad**, Toyoaki Nishida, IEEE International Conference on Robotics and Biomimetics ROBOT , pp. 185-189, Tianjin, China,
88. [2010] Learning Interaction Protocols using Augmented Bayesian Networks Applied to Guided Navigation, **Yasser Mohammad**, Toyoaki Nishida, Taipei, Taiwan, IEEE/RSJ International Conference on Intelligent Robots and Systems IROS, pp. 4119-4126,
89. [2010] Learning Spontaneous Nonverbal Behavior using a Three Layers Hierarchy, **Yasser Mohammad**, Toyoaki Nishida, 10th WSEAS International Conference on Applied Computer Science, pp. 430-435, Iwate, Japan, October
90. [2010] Down-Up-Down Behavior Generation for Interactive Robots, **Yasser Mohammad**, Toyoaki Nishida, The Twenty Third International Conference on Industrial, Engineering & Other Applications of Applied Intelligent Systems (IEA/AIE), pp. 92-101, Spain, June 2010
91. [2009] Unsupervised Simoltaneous Learning of Gestures, Actions and their Associations for Human-Robot Interaction, **Yasser Mohammad**, Toyoaki Nishida, and Okada Shogo, IEEE/RSJ International Conference on Intelligent Robots and Systems IROS , pp. 2537-2544, October 11 to 15, MO, USA, 2009
92. [2009] Robust Singular Spectrum Transform, **Yasser Mohammad**, Toyoaki Nishida, the Twenty Second International Conference on Industrial, Engineering & Other Applications of Applied Intelligent Systems (IEA/AIE), pp. 123-132, Taiwan, June 2009
93. [2009] Measuring Naturalness During Close Encounters Using Physiological Signal Processing, **Yasser Mohammad**, Toyoaki Nishida, Twenty Second International Conference on Industrial, Engineering & Other Applications of Applied Intelligent Systems (IEA/AIE), pp. 281-290, Taiwan, June 2009 (**Best Paper Award**)
94. [2009] Learning Interaction Structure using a Hierarchy of Dynamical Systems, **Yasser Mohammad**, Toyoaki Nishida, Twenty Second International Conference on Industrial, Engineering & Other Applications of Applied Intelligent Systems (IEA/AIE), pp. 253-258, Taiwan, June 2009
95. [2008] The H3R Explanation Corpus: Human-Human and Base Human-Robot Interaction Dataset, **Yasser Mohammad**, Yong Xu, Kenichi Matsumura, and Toyoaki Nishida, The Fourth International Conference on Intelligent Sensors, Sensor Networks and Information Processing (ISSNIP), pp. -206, Sydney, Australia, December.
96. [2008] Constrained Motif Discovery, **Yasser Mohammad**, Toyoaki Nishida, International Symposium on Data Mining and Statistical Science, Tokyo, Japan, pp. 16-19, September
97. [2008] Human Adaptation to a Miniature Robot: Precursors of Mutual Adaptation, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of IEEE 17th International Symposium on Robot and Human Interactive, pp. 124-129, Munich, Germany,
98. [2008] Getting Feedback from a Miniature Robot, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of IEEE International Conference on Informatics in Automation (ICIA), pp.941-947, China, June 2008
99. [2008] Reactive Gaze Control for a Humanoid Robot, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of IEEE International Conference on Robotics and Mechatronics (RAM), pp. 47-54, China, September 2008
100. [2008] A Cross-Platform Robotic Architecture for Autonomous Interactive Robots, **Yasser Mohammad**, Toyoaki Nishida, New Trends in Artificial Intelligence (The Twenty First International Conference on Industrial, Engineering & Other Applications of Applied Intelligent Systems (IEA/AIE), pp. 108-117, Poland, 2008 (**Best Paper Award**)
101. [2007] Intention Through Interaction: Toward Mutual Intention in Real World Interactions, **Yasser Mohammad**, Toyoaki Nishida, New Trends in Artificial Intelligence (Proceedings of IEA/AIE , Kyoto, Japan), pp. 115-125, 2007
102. [2008] Two Layers Action Integration for HRI: Action Integration with Attention Focusing for Interactive Robots, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of the International Conference on Informatics in Control, Automation & Robotics (ICINCO), pp. 41-48, Funchal, Maderia, Portugal, May 2008
103. [2008] Natural Listening for a Humanoid Robot, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of the International Conference on Informatics Education and Research for Knowledge-Circolating Society (ICKS 2008), IEEE Press, pp. 153-156.
104. [2007] TalkBack: Feedback from a Miniature Robot, **Yasser Mohammad**, Toyoaki Nishida, In AI Advances in Artificial Intelligence, 20th Australian Joint Conference on Artificial Intelligence, pp. 357-366, Gold Coast, Australia, December.
105. [2007] Embodiment of Knowledge into the Interaction and Physical Domains Using Robots, **Yasser Mohammad**, Taku Ohya, Tatsuya Hiramatsu, Yasuyuki Sumi, Toyoaki Nishida, In Proceedings of the International Conference on Control, Automation and Systems, pp. 737-744, Seoul Korea, 17- October 2007

106. [2007] A New, HRI Inspired, View of Intention and Intention Communication, **Yasser Mohammad**, Toyoaki Nishida. In Proceedings of AAAI-07 WS-06 Human Implications of Human-Robot Interactions Workshop, pp 21-27, (July 22–July 28, Vancouver, Canada),
107. [2007] EICA: Combining Autonomy with Interaction for Social Robots, **Yasser Mohammad**, Toyoaki Nishida. In Proceedings of Social Intelligence Development Workshop (SID07), (July 2–4, Trento), 2007, pp 227-236
108. [2007] NaturalDraw: Interactive Perception Based Drawing for Everyone, **Yasser Mohammad**, Toyoaki Nishida. Proceedings of the 12th international conference on Intelligent user interfaces (IUI), pp. 251-260, January 27-January 31, Honolulu, Hawaii, USA, 2007
109. [2006] Interactive Perception for amplification of intended behavior in complex noisy environment, **Yasser Mohammad**, Toyoaki Nishida. In Proceedings of Social Intelligence Development Workshop (SID06, pp. 173 – 187), March 24–March 26, Osaka, Japan, 2006
110. [2003] Overcoming Kerberos Structural Limitations, **Yasser Mohammad**, Hany M. Harb, Yousef B. Mahdy, Montaser M. Mohammed, 38th Annual Conference of Statistics, Computer Sciences and Operations Research Proceedings , Cairo, Egypt, pp. 172-187

Referred International Workshops

111. [2024] Automated Negotiation in Supply Chains Game, **Yasser Mohammad**, Shinji Nakadai, Amy Greenwald, The First Workshop on Game AI Algorithms and Multi-Agent Learning, In conjunction with IJCAI 2024, August 3rd-9th, Jeju Islands, Korea.
112. [2024] Tentative Acceptance Unique Offers Protocol for Automated Negotiation, **Yasser Mohammad**, 6th Games, Agents, and Incentives Workshop, In conjunction with AAMAS 2024, May 6th to 10th, Auckland, New Zealand.
113. [2021] Baseline Strategies for the ANAC Automated Negotiation League, Kotone Ninagawa and **Yasser Mohammad** and Amy Greenwald, 3rd Games, Agents, and Incentives Workshop, In conjunction with AAMAS 2021. PDF here.
114. [2019] NegMAS: A platform for situated negotiations, **Yasser Mohammad**, Shinji Nakadai, Amy Greenwald, Twelfth International Workshop on Agent-based Complex Automated Negotiations (ACAN) in conjunction with IJCAI 2019, Macau, August 2019
115. [2015] Cultural difference in back-imitation's effect on the perception of robot's imitative performance, **Yasser Mohammad** and Toyoaki Nishida, IEEE RO-MAN's workshop on Cultural Robotics, Kobe, Japan, August
116. [2015] Synthetic Evidential Study as Primordial Soup of Conversation, Toyoaki Nishida¹, Atsushi Nakazawa, Yoshimasa Ohmoto, Christian Nitschke, **Yasser Mohammad**, Sutasinee Thovuttikol, Divesh Lala, Masakazu Abe, Takashi Ookaki, 10th International Workshop on Databases in Networked Information Systems (DNIS), pp. 74-83, Japan
117. [2014] Human-like motion of a humanoid in a shadowing task, **Yasser Mohammad** and Toyoaki Nishida, 5th International Workshop on Collaborative Robots and Human Robot Interaction (CR-HRI), part of the 2014 International Conference on Collaboration Technologies and Systems (CTS 2014), pp. 123-130, Minneapolis, Minnesota, USA, 2014
118. [2013] What is human-like motion in a shadowing task?, **Yasser Mohammad**, Toyoaki Nishida, IEEE/RSJ International Conference on Intelligent Robots and Systems IROS Workshop: Towards social humanoid robots: how to make interaction human-like?, Tokyo, Japan, 2013
119. [2010] Unsupervised Learning of Interactive Behavior for HRI, **Yasser Mohammad**, Toyoaki Nishida, RSS Workshop on Learning for Human Robot Interaction Modeling, Zaragoza, Spain, June 2010
120. [2010] Autonomous Development of Gaze Control for Natural Human-Robot Interaction, **Yasser Mohammad**, Toyoaki Nishida, and Shogo Okada, ACM International Conference on Intelligent User Interfaces (IUI) workshop on Eye Gaze in Intelligent Human Machine Interaction, pp. 63-70.
121. [2008] Toward Learning Interactive Behavior, **Yasser Mohammad**, In Proceedings of IEEE ICRA NEWHRI workshop (May 2008), Pasadena, USA
122. [2008] Toward Agents that can Learn Nonverbal Interactive Behavior, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of IAPR Workshop on Cognitive Information Processing, pp. 164-169, Greece, June
123. [2008] Natural Listening Robot for AAL Applications, **Yasser Mohammad**, Toyoaki Nishida, In Proceedings of the first International Workshop on IUI for Ambient Assisted Living (IUI4AAL) in conjunction with the IUI 2008 conference, Canari Islands, Spain, 2008

Refereed Book Chapters

124. [2018] Natural HRI, **Yasser Mohammad**, Wiley handbook of HCI, edt, Kent L. Norman, Jurek Kirakowski, pp. 641-655, Wiely,
125. [2010] Modeling Interaction Dynamics during Face-to-Face Interactions, **Yasser Mohammad** and Toyoaki Nishida, in Modeling Emotions for Realizing Intelligence, edt. Toyoaki Nishida, Lakhmi Jain, Colette Faucher, Springer,
126. [2009] Mining Causal Relationships in Moltidimensional Time Series: Combining Constrained Motif Discovery with Granger Causality, **Yasser Mohammad** and Toyoaki Nishida, in Intelligent Systems for Knowledge Management, edt. Ngoc Thanh Nguyen and Edward Szczerbicki, Studies in Computational Intelligence, Springer,
127. [2009] Learning Interaction Structure using a Hierarchy of Dynamical Systems, **Yasser Mohammad** and Toyoaki Nishida, In Opportunities and Challenges for Next-Generation Applied Intelligence, edited by Been-Chian Chien and Tzung-Peiong, Studies in Computational Intelligence, Springer, pp. 253-258, Springer, .

Talks in Industrial Conferences

128. [2025] NEC on Catena-X - Automated Negotiation Technology for the Catena-X Community, Digital Twin Innovation in Manufacturing, Energy & Related Industries, Heilbronn, Germany, January 19th.
129. [2024] Digital Twin Autonomous Orchestration and Coordination, Digital Twin Consortium, Q3 meeting, 2024, Chicago, IL, USA, September 11th, 2024.

Local Journals

130. [2022] Ashraf, Z. M., **Mohamed, Y. F.**, & Elsemman, I. E. (2022). Gemminer: Text Mining Tool for Genome-Scale Metabolic Model. Assiut University Journal of Multidisciplinary Scientific Research, 51(3), 358-373.
131. [2020] Face Recognition From Small Datasets Using Kernel Selection of Gabor Features, Alyaa A. S. Gad-Elrab, **Yasser F. O. Mohammad**, Moumen T. El-Melegy, Journal of Engineering Sciences, Assiut University, Faculty of Engineering 48(6), Nov. 2020, pp. 1051–1071.

Others

132. [2018] Feature Selection Using Deep Neural Networks for Speech Emotion Recognition, Panikos Heracleous, **Yasser Mohammad**, Akio Yoneyama, Acoustical Society of Japan Autumn Meeting, Sep 12-14, Oita, Japan.
133. [2008] Mutual Intention in Human-Robot Teams, **Yasser Mohammad**, In Proceedings of First Egyptian Japanese International Symposium on Science and Technology (EJISST), pp 122-122, Tokyo, Japan, June.
